

# REMACK<sup>®</sup> MUZZLE LOADER<sup>™</sup> KITS

TOP PERFORMANCE. MORE UPTIME. LONGER LIFE.

## WHY BUY A REMACK MUZZLE LOADER OVERHAUL KIT?

Whether you're running an E7, E-TECH<sup>™</sup> or ASET<sup>™</sup>, REMACK<sup>®</sup> has a Muzzle Loader<sup>™</sup> Overhaul Kit to fit your engine. Our REMACK Remanufactured Muzzle Loaders are ready right out of the box, which means you don't have to spend valuable time assembling pistons, connecting rods or liners. Our Overhaul Kits include everything you need to get the job done right – the first time.

- Remanufactured in North America by certified REMACK technicians
- Produced following stringent processes that include:
  - Electro-magnetic crack detection and other precision technology
  - All piston rings, piston skirts, cylinder liners, gaskets, bearings and seals replaced with 100 percent new parts
  - Precision-machined to Mack specs
- Engineering improvements applied during processing
- Multiple detailed inspections to assure quality
- Backed by a 100 percent parts and labor warranty\*
  - 2 years / unlimited miles for Muzzle Loaders
  - 1 year / unlimited miles on bearings and gaskets

\* When installed by an authorized Mack Dealer. Warranty terms apply.

## WHAT WILL YOUR TRUCK BE IN ITS SECOND LIFE?

**A collection of aftermarket parts, or 100 percent Genuine Mack?**

Only REMACK Muzzle Loader Kits are:

- Originally designed by Mack engineers
- Remanufactured by Mack-trained technicians
- Inspired by over a century of Mack's commitment to superior quality

# REMACK® MUZZLE LOADER KIT
